

# Hope — and Faith — Afire in Anaheim

*Hope: A World Afire!* *Esperanza que Enciende al Mundo!*  
 OFCE Los Angeles Religious Education Congress

**H**aving faith matters and living that faith clearly matters to the 40,000-plus from around the U.S. who attended the 2014 Religious Education Congress in Anaheim. They gathered to attend workshops and keynotes (including Cardinal Oscar Rodriguez Madrigal of Honduras, lower left), celebrate a wide selection of liturgies (including Byzantine, Mayan and Urban Fusion), partake in prayer and exhibit experiences, and enjoy the fellowship of Catholics who represent virtually every race and nationality — as always, a joyous sign of the presence of Christ at work, building God's kingdom on earth. **TD**
